Dear Mr. Weiss:

In response to your letter of June 12th, please know that the Massapequa Public School District supports your noble endeavor. Each year, we invite representatives from our local Vietnam Veterans group and Korean War Veterans group to address our students enrolled in our Contemporary Issues class at the high school and fully support any program which is educationally sound and promotes high ideals for our students.

Certainly your Veterans Association is fully engaged and prepared to offer an exciting hands-on history experience for students. Please keep me informed as to how your project is progressing and when you may have your education program ready for participation by our schools.

I am most impressed with your unique undertaking and wish you well as you preserve symbols of democracy and service to America. The best of luck to you and your "traveling museum" project.

Sincerely,

Lawrence Pereira, Ed.D.
Superintendent of Schools
